YOU ARE INVITED

to a series of seminars to learn the innovative system of muscle and connective tissue therapy, developed by the late Tom Bowen of Australia.

Bowenwork is a gentle noninvasive soft tissue technique that can relieve discomfort, re-align postural imbalances and promote well-being in your clients.

"Bowenwork has given me a good non invasive therapy technique to use for patients, with many experiencing positive results."

- Larina Paoletti, Physical Therapist
- Innovative Recognition Initiative Award for Bowenwork - Exeter Hospital, March 2019

Taught by Ainslee Farrington, certified Bowenwork instructor. After careers in the culinary arts and art education, Ainslee found a new passion in the world of Bowenwork. This art of healing extended naturally from her focus on healthy living, and her creative background as an art teacher, chef and restaurateur.

"The rewards astound me on a daily basis. People who have been told 'they will just have to live with their health problem, injury or trauma can reclaim
